introduces semitic linguistics to beginning learners through a comparative study of hebrew arabic aramaic akkadian and other cognate dialects

as the title indicates this unique resource is a manual on comparative linguistics with the examples taken exclusively from semitic languages it is an innovative volume that recalls the earlier tradition of textbooks of comparative philology which however exclusively treated indo european languages it is suited for students with at least a year of a semitic language by far the largest component of the book are the nine wordlists that provide the data to be manipulated by the student says reviewer peter daniels the wordlists constitute a unique resource for all of comparative linguistics a considerable quantity of uniform data from a host of related languages they would be useful for any class in comparative linguistics not just for those interested specifically in semitic scattered throughout the text are 25 exercises based on the wordlists that provide a good introduction to the methods of comparativists also included are paradigms of the phonological systems of ten semitic languages as well as coptic and a form of berber a bibliography that guides the student into further reading in semitic linguistics completes the volume

the first comparative grammar of the semitic languages by h zimmern was published a hundred years ago and the last original work of this kind was issued in russian in 1972 by b m grande the present grammar designed to come out in the centenary of the completion of zimmern s work fills thus a gap besides it is based on both classical and modern semitic languages it takes new material of these last decades into account and situates the semitic languages in the wider context of afro asiatic the introduction briefly presents the languages in question the main parts of the work are devoted to phonology morphology and syntax with elaborate charts and diagrams then follows a discussion of fundamental questions related to lexicographical analysis the study is supplemented by a glossary of linguistic terms used in semitics by a selective bibliography by a general index and by an index of words and forms the book is the result of twenty five years of research and teaching in

comparative semitic grammar

the legendary greek figure orpheus was said to have possessed magical powers capable of moving all living and inanimate things through the sound of his lyre and voice over time the orphic theme has come to indicate the power of music to unsettle subvert and ultimately bring down oppressive realities in order to liberate the soul and expand human life without limits the liberating effect of music has been a particularly important theme in twentieth century african american literature the nine original essays in black orpheus examines the orphic theme in the fiction of such african american writers as jean toomer langston hughes claude mckay james baldwin nathaniel mackey sherley anne williams ann petry ntozake shange alice walker gayl jones and toni morrison the authors discussed in this volume depict music as a mystical shamanistic and spiritual power that can miraculously transform the realities of the soul and of the world here the musician uses his or her music as a weapon to shield and protect his or her spirituality written by scholars of english music women s studies american studies cultural theory and black and africana studies the essays in this interdisciplinary collection ultimately explore the thematic linguistic structural presence of music in twentieth century african american fiction

excerpt from comparative grammar of the semitic languages the study of comparative grammar in the nineteenth century brought about the general recognition that languages can be grouped in families whose members bear such definite relationship one to another that we are compelled to regard them as descended from a common stock it was frequently assumed quite erroneously that these language families were conterminous with racial groups and so the semitic languages were treated as the speech of a semitic race it is now recognized that the transmission of language racial descent and culture drift are three distinct things race depends on physical descent language and culture are transmitted by education conquest imitation and other means they are learned either in childhood or maturity and not passed from parent to child as a matter of heredity about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

this volume deals with medieval comparative semitic philology hebrew aramaic arabic as practised by hebrew philologists in the arabic speaking lands from iraq to spain discussing its development through the generations its technics and its theoretical basis this research is based upon an analysis of over ten thousand occurrences of comparisons in linguistic works biblical commentaries and the like made by fourteen hebrew scholars from the 10th 12th centuries ce among them sa adiah gaon judah b quraysh david b abraham alfasi jonah b janah and isaac b bar n several aspects of this comparisons are presented and studied here for the first time

wright s lectures are packed not only with data but with carefully drawn conclusions it would behoove us to take these into account before drawing our own
